QUALITY POLICY STATEMENT

Digital Energy & Integrated Services Limited is committed to delivering safe, reliable, and high-quality services in Engineering, Procurement, Construction/Fabrication, Commissioning, Project Management, Facilities Operations & Maintenance, Manufacturing (OCTG Machining, Pup Joints and Crossovers), and Marine Support Services within the Oil & Gas and allied industries.

We strive to meet and exceed customer expectations by understanding client requirements and delivering solutions that create value while maintaining the highest standards of quality, safety, and environmental responsibility.

To achieve this commitment, Digital Energy & Integrated Services Limited shall:

- Maintain and continually improve an effective Quality Management System in accordance with ISO 9001:2015 API Q1 10TH Edition 2023 and other applicable standards.
- Meet applicable statutory, regulatory, and customer requirements relevant to our operations.
- Establish and review measurable quality objectives to enhance operational performance and service delivery.
- Develop and empower our workforce through training, competence development, and provision of necessary resources.
- Promote continual improvement, innovation, and operational excellence across all our processes and services.

This Quality Policy provides the framework for setting quality objectives and shall be communicated, understood, and implemented by all employees. The effectiveness of the Quality Management System and this policy shall be reviewed periodically to ensure its continuing suitability and effectiveness.

Signed:

SIMON UGWOKÉ
Managing Director
