COMPANY BROCHURE

WHO WE ARE

Digital Energy & Integrated Services Limited (DEISL) is a leading indigenous, multi-faceted energy solutions company, delivering end-to-end services across the entire energy value chain—upstream, midstream, and downstream. We offer integrated EPCOM contracting, petroleum product trading, marine logistics, project management, and ICT services, all tailored to meet the evolving needs of the Nigerian industry. Through the digitalization of the energy lifecycle, we ensure greater efficiency, transparency, and value delivery. Over the years, we have developed the skills, resources, and strategic partnerships required to successfully execute complex projects to the satisfaction of our clients. Our capabilities span across key sectors including Oil & Gas, Power, Petrochemicals, Refining, and General Infrastructure. Our service offerings cover the complete project lifecycle—from conceptual design and engineering to commissioning and long-term asset support. Backed by a management team with extensive combined experience across upstream, midstream, and downstream operations, DEISL is well-positioned to deliver consistent value. At Digital Energy, we are committed to customer satisfaction, operational excellence, and responsiveness in all our engagements.

Our Partners

Empowering the Future of Energy with
Excellence, Innovation & Integrity

ABOUT US

Digital Energy & Integrated Services Limited (DEISL) began with a modest yet focused approach: to deliver value in the marketing, supply, and trading of petroleum products—such as PMS, AGO, DPK, ATK, and LPFO—across Nigeria and the West African sub-region. From the onset, our unwavering commitment to reliable, safe, and cost-effective energy solutions earned us a reputation as a dependable partner to industrial, commercial, and upstream clients. Over the years, DEISL has evolved into a fully integrated energy service provider, offering end-to-end solutions across key areas including; Engineering, Procurement, Construction, Installation, Commissioning & Maintenance (EPCICM), Marine Logistics & Support Services, Project Management & Technical Support, ICT & Digital Infrastructure Services. Our extensive portfolio of interconnected services and modular methodologies enables us to execute complex projects with efficiency, precision, and adaptability. We specialize in digitalizing the complete energy lifecycle—from consolidated EPC contracting and petroleum trading to marine operations, product processing and blending, storage, distribution, and regulatory compliance. We deliver world-class Engineering, Procurement, Construction, Operation & Maintenance (EPCOM) and Marine Support Services, tailored to meet the dynamic needs of the energy and oil & gas industries in Nigeria and across West Africa.

Our Core Capabilities:

- Engineering Design Solutions
- Procurement & Supply Chain Management
- Fabrication & Construction Services
- Commissioning & Start-Up Services
- Operations & Maintenance (O&M) Services
- Digital Solutions & Automation
- Technical Manpower Supply
- Training & Consultancy Services
- Marketing, Supply & Trading of Petroleum Products
- Project Management

Vision Statement

To be a global leader and trusted partner of choice for delivering innovative, quality, safe, and sustainable solutions that exceed customer expectations.

Mission Statement

To exceed customer expectations, drive sustainable growth, and deliver value through innovative solutions, exceptional quality services, and an unwavering commitment to safety, social responsibility, and environmental stewardship.

Our Core Values

Customers Focus

Making the needs and satisfaction of your customers a top priority in every aspect of your business.

Safety

It's not just a policy, it's a culture of mindfulness, responsibility, and constant vigilance.

Teamwork

It emphasizes the importance of collaboration, mutual respect, and shared goals within your organization.

Excellence

It emphasizes the pursuit of the highest standards in setting ambitious goals, and continual innovations.

Efficiency

It centers on maximizing output while minimizing effort, time, and cost, ensuring smarter, faster results.

Respect

It's all about being honest, ethical and transparent in every action and decision the company makes.

Integrity

Upholding the highest ethical standards, trust and accountability at every level of the organization.

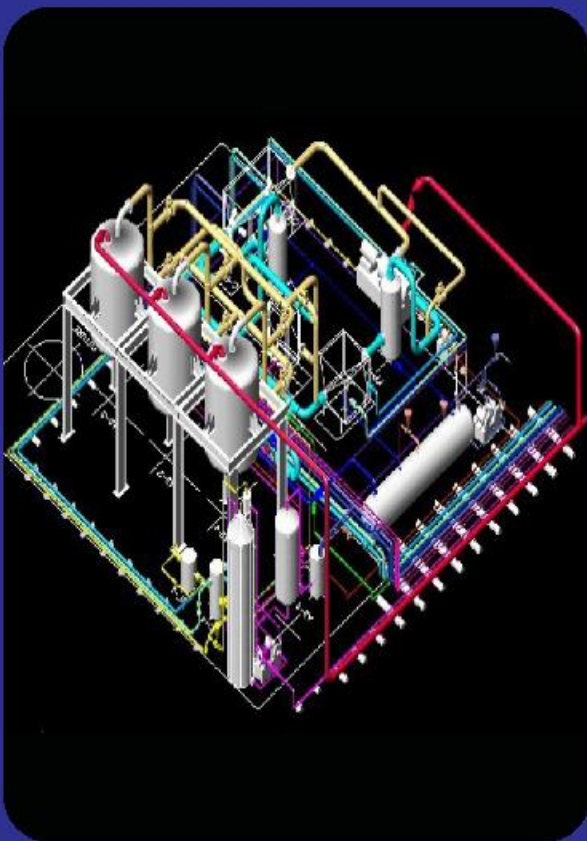

OUR SERVICES

Engineering Solutions

'Fit to Purpose' engineering solutions with a technology focus and specialized design & engineering expertise.

Digital Energy offers clients a one-stop-shop for major projects by combining project management, survey, design, detailed engineering, fabrication, installation and maintenance engineering capabilities. Our Engineering and Procurement team work closely with each other to ensure early sourcing of major and long-lead equipment and to ensure compliance with the technical requirements and customer specifications. Quality engineering in projects is the essence of success.

DEISL's Professional group of engineers, designers and draftsmen provide conceptual designs from the proposal stage of a project all the way to detailed construction drawings and as-built drawings at the construction stage. The group utilizes state of the art engineering software with computer aided design (CAD) systems for all its two- and three-dimensional designs, modelling, simulations and calculations. The Group is supported by its home offices in Lagos, Port Harcourt, Calabar and Abuja Nigeria.

Procurement & Supply Chain Management

Digital Energy & Integrated Services Limited (DEISL) offers robust Procurement and Supply Chain Management solutions with global sourcing capabilities to support diverse energy and infrastructure projects. Our procurement operations are executed in strict adherence to company policies and internationally recognized ISO-certified procedures, ensuring cost-effectiveness, quality assurance, and timely delivery.

We apply a structured and transparent approach to procurement, designed to minimize risks and deliver optimal value across all project phases.

Fabrication & Construction Services

Digital Energy & Integrated Services Limited (DEISL) provides a fully integrated suite of Fabrication and Construction services, delivering innovative and cost-effective solutions for both onshore and offshore energy projects. Our capabilities span Civil, Mechanical, Electrical, and Instrumentation construction, as well as advanced fabrication of structures and components critical to the Oil & Gas, Petrochemical, and Infrastructure sectors.

We leverage cutting-edge technology, a modern fabrication yard, and highly skilled multidisciplinary teams to execute complex projects to the highest industry standards.

Commissioning & Start-up Services

At Digital Energy & Integrated Services Limited (DEISL), we provide comprehensive Commissioning and Start-up services designed to ensure that systems and facilities are tested, verified, and fully operational in accordance with design specifications, industry codes, and client expectations.

Our services are aligned with best practices and industry standards to ensure a seamless transition from construction to operational readiness. We apply a structured and integrated approach that reduces start-up delays, optimizes asset performance, and ensures safe and reliable operation from day one.

Operations & Maintenance (O&M) Services

Digital Energy & Integrated Services Limited (DEISL) offers end-to-end Operations and Maintenance (O&M) services that ensure optimal asset performance, reduce downtime, and extend the life cycle of infrastructure across the energy value chain.

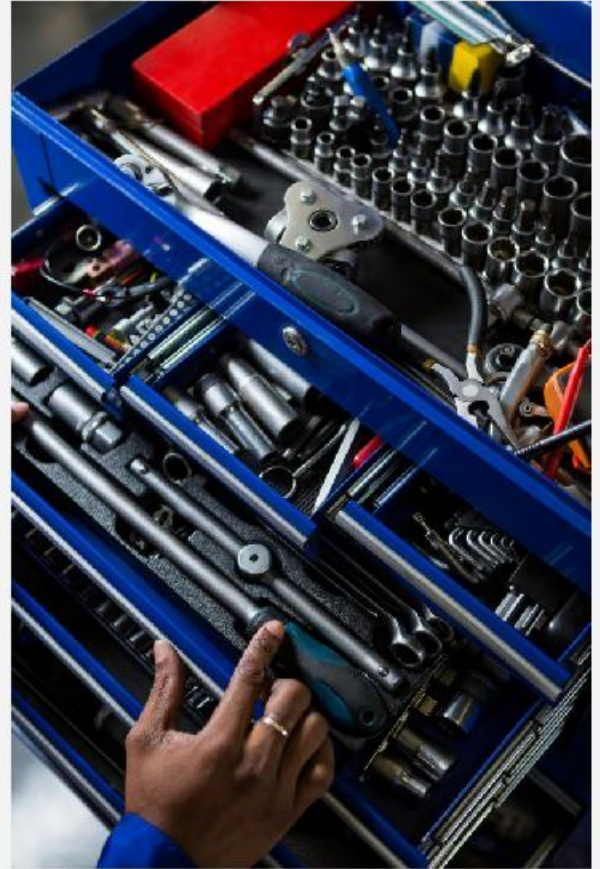

Our O&M services are designed to deliver sustainable value by combining technical expertise, advanced maintenance strategies, and strict compliance with industry standards. We support a wide range of facilities, including oil & gas production installations, tank farms, pipelines, terminals, substations, and other energy infrastructure.

Operations & Maintenance Services

Our O&M Services Includes

- ◆ Preventive maintenance
- ◆ Predictive maintenance (PdM)
- ◆ Turnaround management
- ◆ Drone inspection services
- ◆ Asset Integrity Management (AIM)
- ◆ We provide solutions that optimize performance and extend the lifespan of assets.
- ◆ Operations management
- ◆ Operations and reliability optimization
- ◆ Inspection and functional testing
- ◆ Start-up and handover of production
- ◆ Operational technical support
- ◆ Training of and technicians
- ◆ Operations man - power supply

We leverage cutting-edge technology and our solutions are tailored to meet the specific challenges faced by our clients, ensuring uptime, reduced operating costs. and a safer working environment.

Technical Manpower Supply

Digital Energy & Integrated Services Limited (DEISL) offers reliable, scalable, and efficient Technical Manpower Supply solutions to support client operations across upstream, midstream, and downstream oil & gas projects, as well as in the energy, infrastructure, and industrial sectors.

Our strength lies in our ability to mobilize highly qualified and certified professionals for both short- and long-term assignments, ensuring that projects are executed safely, on time, and within budget.

Project management

We provide expert tailored project management services, ensuring projects are delivered on time, within budget, and to the highest safety standards. Our services cover the entire project life cycle, from conceptualization and planning to execution, commissioning, closeout and maintenance.

We are committed to delivering successful onshore and offshore projects that meet our clients' objectives while adhering to the strictest safety and environmental regulations.

Project Management Services

- ◆ Project Planning & Scheduling
- ◆ Risk Management
- ◆ Cost Management & Control
- ◆ Quality Assurance & Control (QA/QC)
- ◆ Stakeholder Management & Communication
- ◆ Procurement Management
- ◆ Construction Management (or Installation & Commissioning Management)

Marketing, Supply & Trading of Petroleum Products

Digital Energy & Integrated Services Limited (DEISL) is a trusted and efficient player in the marketing, supply, and trading of petroleum products across Nigeria and the West African sub-region. We provide reliable, safe, and cost-effective solutions that meet the needs of industrial, commercial, and upstream clients.

Leveraging our extensive industry network, strong logistics capabilities, and market intelligence, we ensure timely and seamless delivery of high-quality petroleum products that support operational continuity for our clients.

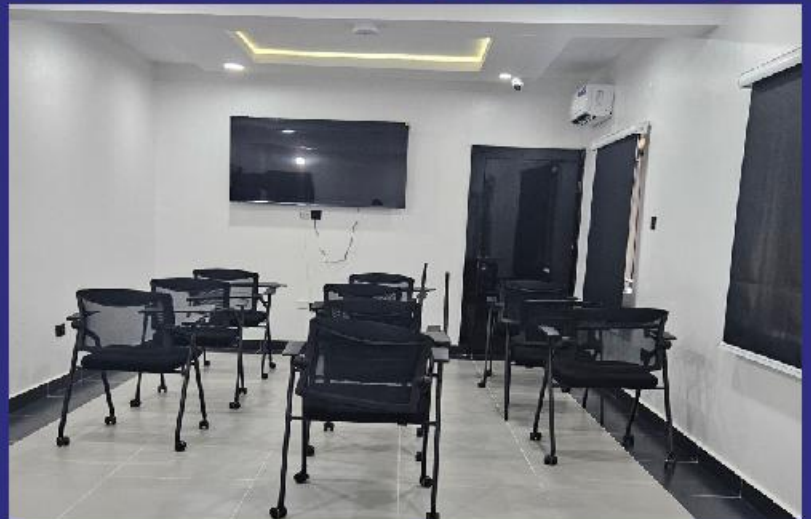

Corrosion Control - Coating Services

Our Special Coating Services includes heat resistant coatings to prevent corrosion under insulation (CUI); Passivation for restoration of Stainless Steels materials; innovative passive fire protection (PFP) and thermal intumescent coatings; High Pressure hydro-jetting Blasting and cleaning services (all these services either with Scaffold and Rope Access Technology). We offer Commercial and Industrial Grade Non-Slip Floor Coatings specially for the ramp lane, parking lot, water logging plant, oil stain plant, restaurant and other places with non-slip requirements Marine and Survey Services: We provide marine technical and project management services - Our services include vessel operations management, marine consultancy, and ship-to-ship operations. Man power Services: We offer experienced technical personnel for hire or contract.- Our available manpower includes engineers, designers, technicians, procurement specialists, and project managers. Welders & fitters

CONSTRUCTION

Specialized Services

Valve Supply and Services:

We supply valves from leading global manufacturers.- We provide valve repair, refurbishment, and 24/7 emergency breakdown assistance.

Topsides and Subsea Maintenance:

We inspect, repair, and maintain offshore oil and gas production facilities.- Our services cover production facilities, utilities, living quarters, control systems, and helidecks.

Marine and Survey Services:

We provide marine technical and project management services.- Our services include vessel operations management, marine consultancy, and ship-to-ship operations.

Training & Consultancy Services

Technical & Safety Training | Competency Development Programs | Management Systems & Advisory Services At Digital Energy & Integrated Services Limited (DEISL), we are committed to capacity building, performance enhancement, and operational excellence through our structured Training and Consultancy Services. Our offerings are tailored to meet the dynamic needs of the oil & gas, energy, manufacturing, and industrial sectors.

We combine industry knowledge, regulatory expertise, and practical insights to deliver impact-ful training and advisory solutions that empower organizations and their personnel.

Why Choose Digital Energy?

Global Reach

Strong international partnerships for seamless project execution

Innovation & Compliance

Emphasis on risk assessment, safety & regulatory adherence

Strong Infrastructure

Cutting-edge fabrication yards, warehouses & offshore support facilities

Commitment to Excellence

Delivering sustainable, efficient & cost-effective energy solutions

PROJECT EXECUTED				
Name of Company	Contract No	Scope of work	Start Date	Completion Date
NPDC	NPDC/MD/05.23	Provision of machining & Inspection, supply of PUP joints and Cross over Services for NPDC Operated Land and Swamp Assets on a Call Out Basis	2nd June, 2022	31st December, 2025
SEPLAT	SW/DRIL/CONT/2024/00001537B	Provision of Machining and Fabrication Services for Western Asset	3rd February, 2025	21st January, 2026
SEPLAT	SEPLAT/LAG/CON T/2019/EA-D&C/117827A	Provision of Machining and Fabrication Services for Eastern Asset	1st December, 2021	31st December, 2025
Fuel Direct Limited	FD/PO/00045	Upgrade and Maintenance of Duport Midstream 2500B/D Modular Refinery Ebokpa	23rd August, 2024	30th September, 2026
Enageed Resources Limited	ERLOOOOI 324PO	Supply and Installation of outdoor 40dBm Quad Band GSM Signal Repeaters	19th November, 2024	27th July, 2025
Enageed Resources Limited	ERLOOOOI 833PO	Maintenance and repairs of faulty cathodic transformer	23rd April, 2024	6th June, 2025
PIVOT INTEGRATED ENERGY	PVT/PO/126458	Upgrade and Maintenance of 40 Million Liters Tank Farm depot in Calabar EPZ	17th June ,2024	30th September, 2024
INTEGRATED PIVOT ENERGY	PVT/PO/OI 1034	Upgrade and Maintenance of 30 Million Liters Tank Farm depot in Apapa Lagos	13th July, 2024	24th November, 2024
SEPLAT	SEPLAT/PO/456 458	BOOSTER COMPRESSOR PHASE 2 TIE-IN	7th January, 2024	18th March 2024
MIDWESTERN OIL & GAS LIMITED	JV-PO-OOI 103	Procurement Of Gas Pressure Regulator 25bar & Cartridge Gas	20th July, 2023	4th August, 2023
MIDWESTERN OIL & GAS LIMITED	JV-PO-000642	Supply of Flo Choke	31st March 2022	6th August,2022
MIDWESTERN OIL & GAS LIMITED	JV-PO-001613	Upgrade of Flood Lighting system	15th July, 2024	29th July, 2024
MIDWESTERN OIL & GAS LIMITED	JV-PO-001837	Supply of 15Hp 380-400V 50Hz Submersible water pump	16th Dec, 2024	20th Dec, 2024
MIDWESTERN OIL & GAS LIMITED	JV-PO-OOI 744	SUPPLY OF FIREWATER HOSE RING	10th Sep., 2024	15th Nov., 2024
NNPC 18	C&P/NEOL/SCM/02	Supply of Various Lubricant Oil	22nd January, 2024	29th January, 2024
NNPC 18	FACILITY/NEOL /SCM/06	Provision of CAWC FLB C15 Generator Spares in support of OML-18 Operations	2nd May, 2024	3rd May, 2024
Enageed Resources Limited	ERL00001314PO	Supply of ICT Network Equipment	19th November, 2024	12th December, 2024
Enageed Resources Limited	ERL00001591PO	Mechanical maintenance and repairs of export pumps at Oziengbe Flowstation	18th February, 2025	8th March, 2025

Project Executed				
Name of Company	Contract No	Scope of work	Start Date	Completion Date
Enageed Resources Limited	ERL00001636PO	Supply of CAT battery	24th February 2025	7th March, 2025
Enageed Resources Limited	ERLOOOOI 839PO	Supply of Rosemount temperature transmitter	17th April, 2025	22nd April, 2025
Enageed Resources Limited	ERL00001861PO	Supply of CAT fuel filter element	5th May, 2025	7th May, 2025
Vagan Oil And Gas Limited	VOGL/99/5753 4-004	MATERIAL FOR DEFORMED PASS PARTITION -PLATE	1 0th January, 2022	19th January, 2022
Deltatek Marine Services Limited	DMSL/PO/2001 352	SUPPLY OF BEDDINGS, PILLOW, BED SPREAD & BLANKET MR(B-21-020-T2)	27th January, 2022	4th February, 2022
Deltatek Marine Services Limited	DMSL/PO/2000 986	SPLIT TYPE AIR CONDITIONER FOR BIG CRANE OPERATOR CABIN (E-21-054-SR)	26th July, 2022	27th July, 2022
Enageed Resources Limited	ERL-148-IT-00000109	SUPPLY OF HP Monitor and Laptop Stand	13th November, 2023	13th November,2023
Deltatek Marine Services Limited	DMSL/PO/200 0884	3 Years Preventive Maintenance Kits, Pole Star Part No. 473001	23rd January, 2022	8th February, 2022
EPT	EPT-NG- P02022-19-07-001	Procurement of RoseMount Pressure Transmitter	18th July, 2022	19th July, 2022
EPT	EPT-NG- P02022 -19-08	Procurement of RoseMount Temperature Transmitter	4th August, 2022	19th August, 2022
Dorman Long	DLE-PO-2582 -Digital	Supply of Tools for Tam Offshore	17th October,2022	19th October,2022
Dorman Long	DLE-PO-9788 -Digital	Supply of Canon Toners	28th September, 2022	7th October, 2022
Dorman Long	DLE-PO-10159-DIGIT	Purchase of Radio Communication Gadget For AGEGE Facility	22nd March, 2023	28th March, 2023
Dorman Long	DLE-PO-10078 -Digital	Supply of Mineral oil coolant (DLPCG2212REQ0000002)	26th February, 2023	28th Febrary, 2023
HERITAGE ENERGY OPERATIONAL SERVICES LIMITED	HEOS-OML30-SCM109499	Supply of ICT Network Equipment	28th Sep., 2021	10th Oct., 2021
